Notes from the Director

One of the great strengths of Red Mask is that it brings together a wide cross section of our community.

For example, our cast tonight includes a teacher, three secretaries, a retired retail merchant, a housewife and a newspaper advertising dispatcher. Back stage crew includes a similarly diverse group of people.

Its strength lies not only in its diversity, but in its unity. Not only does it bring together people with a wide range of skills and experiences, but it allows them to pool their resources toward the ultimate aim of creating and watching theatre.

Our cast and crew have worked hard in producing this play. I hope the audience will enjoy the show as much as we have enjoyed preparing it.

JIM GILL
