PLAYWRIGHT

Red Mask Players are very proud of "Goodnight, Morningstar" and its playwright, Jim Gill. This is the second writing endeavor of Jim. In 1968 he co-authored "Be Happy, Go Proud" with Pollyann Baird for Red Mask's Summer Production. His present play has been two years in the writing and has been compared with work done by Neil Simon. We hope we can continue to enjoy such exciting products by Jim Gill.

DIRECTOR

Jerry Ovall represents the spirit of a true Red Masker. He's been on stage in plays numerous times, recently trumpeting his way through "Arsenic and Old Lace". Jerry's produced, directed, and worked backstage for other productions as well as serving on the Red Mask Board of Directors.
