

"GEORGE WASHINGTON SLEPT HERE" relates the summer adventures of the common man, Newton Fuller, who greatly reveres the history of our Nation. In this frame of mind, he buys an abandoned place in the country which was once supposed to have been inhabited by George Washington. This play concerns the hilarious adventures and stark tragedies his family enjoys and suffers in trying to make the place habitable. Everything happens to the Fullers, much to our enjoyment as a curious audience. Curtain going up!

COMING NEXT: "Laura" and "The Philadelphia Story." Watch for dates of try-outs and productions. Have fun. Participate in acting, or serve on one of the special committees.
